

The UCI Cycling Championships and how they will affect Nidderdale and Washburn residents 21-29 September 2019

- Our advice is to avoid Harrogate, unless you have to go in or are going in to see a race or enjoy the spectacle, when the UCI is on. Segments of the A61 (including Parliament St, West Park, Kings Rd and Cheltenham Parade) will be closed for long periods of time on every day.
- **Crossing points.** There will be dedicated vehicle and pedestrian crossing points which will be open to maintain access across the circuit race route in and around Harrogate when races are not on, **and emergency services will be able to cross the route at all times.**
- **Race timings** For the most up to date race timings and road closures go to: www.yorkshire2019.co.uk
- **Parking** Some pay and display on-street parking will be closed and some of the main car parks will be used for event purposes. Park and stride sites will be set up on some key routes into town to provide additional parking. Go to www.yorkshire2019.co.uk for up to date information on parking.
- **Buses** will generally be running, **but on Saturday 21 Sep, the 24 will not be able to run.** As many journeys as possible will be run on all other days – including all morning journeys to St Aidan's and St John Fisher Schools. Students at these schools using the 24 will always be able to get on a return journey home - either the current timetabled journey or the 5:30pm journey from the town centre. This will vary by day and detailed timetables will be available shortly. Go to <https://worlds.yorkshire.com/spectator-guide/transport-travel/> for details of changes to routes and timetables.
- **UCI 9-day bus pass.** For those really keen on seeing every race, Transdev is offering a 9-day UCI ticket valid for travel on any Transdev bus, valid 21-29 September. It costs £50 and can be bought at <https://www.transdevbus.co.uk/harrogate/buy-tickets>

In Our Area

Thursday 26 September. The Men's Elite Time Trial will be on the A59 passing through Bolton Abbey at 14.02 and Blubberhouses at 14.19, then on to Harrogate.
